Getting to the Park

From Highway 217 or Tualatin Valley Highway

Take Oregon 8/Canyon Rd/Tualatin Valley (TV) Highway about two miles west. SW Millikan Way is on the north side, between SW Murray and SW 170th. Go north on 160th, which becomes Millikan Way. The park is about one-half mile from the intersection on your left. If you pass a set of train tracks, you have gone too far.

From Highway 26 or Murray Boulevard

From Highway 26 (Sunset Highway), go south on Murray for about 1.5 miles. From Murray, go west on SW Millikan Way. The Interpretive Center is approximately 3/4 mile from the intersection. We are about 200 feet past the set of railroad tracks on your right.

By Public Transit

We are easily reached via TriMet's Westside Light Rail. Get off at the Merlo Road/158th Station. Turn left, cross the tracks and make a left turn onto the asphalt path. This is the Oak Trail. It will lead you into the park and to the Interpretive Center (about three-quarters of a mile away).

Abundant, free parking is available.
